

**KILIÇ OTOMAT**

**CNC MACHINING  
PRODUCTION**

 [www.kilicotomat.com.tr](http://www.kilicotomat.com.tr)

Since 1985  
**40** Years of  
Experience

**-FACTORY-**

*Delivering Excellence, On Time*

*Precision Machining Tailored to Your Needs*

**-Production Line-**

*Exporting 90% of Total Products  
to EU and North America...*

*We utilize advanced CNC technology to precisely shape steel, brass, aluminum and other metals delivering high quality machining solutions. For surface treatments such as heat treatment, coating and painting, we collaborate with trusted sub-suppliers, ensuring that every process meets the highest quality standards in line with our customers' requirements.*

## PRODUCT GROUPS AND SECTORS

- »» Household Appliances Industry
- »» Automotive spare parts
- »» Hydraulic parts
- »» Fasteners
- »» Machinery Spare Parts

## SPECIAL MACHINE PARTS

*Our top priority has always been delivering high-quality of products on time.*

*We continuously upgrade our quality department's tooling and equipment to maintain the highest standard.*

*We continuously upgrade our machines, tools and quality control equipment to meet and exceed customer expectations.*

*Ensuring traceability across all our processes, particularly during production and after shipment, enhances customer satisfaction by providing reliability, accountability and quality assurance.*

*Our quality department is equipped with advanced precision measurement tools, including a Coordinate Measuring Machine, DynaScope, Profile Projector, Surface Roughness Measurement Device, Calipers, Gauges and Micrometers.*

*Additionally, our quality control laboratory and process control center feature coating measurement devices, ensuring accurate coating thickness and optimal product quality.*

## BRASS PARTS

*Our precision machining workshop is equipped with 22 CNC Machines, including single and twin-spindle, twin-turret CNC lathes, fully automated CNC turning machines and vertical machining centers, all designed to ensure precision and efficiency.*

### **Our Laboratory Equipments**

- *CMM – Coordinate Measuring Machine,*
- *DynaScope*
- *Profile Projector*
- *Surface Roughness Measurement Device*
- *Caliper, Gauge, Micrometer*

*Planning to invest to Robotic Automation technology in order to enhance our production capabilities.*

*In-House Assembled Part*

*We are committed to building a team of experienced experts who strive for continuous improvement while adhering to a Customer-Focused Approach and the Principles of Total Quality Management.*

## MATERIALS WE WORK WITH

- »» STAINLESS STEEL
- »» COPPER, BRASS
- »» ALUMINUM
- »» ALLOY STEELS
- »» FREE MACHINING STEEL

## SPECIAL MACHINE PARTS

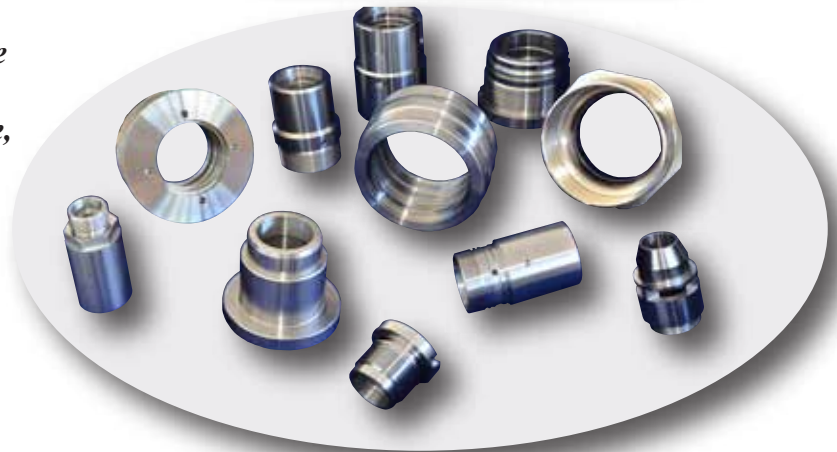

*Our expertise lies in the precision machining of components using CNC-controlled turning and milling machines.*

*Our customer service policy is to respond promptly and efficiently to meet all customer expectations with the highest level of satisfaction.*

## HYDRAULIC PARTS

*We provide our services across a wide range of industries, including automotive, household appliances, hydraulics, furniture, natural gas, electrical equipments, electronics and general industrial sectors.*

## Our Core Values & Commitments

- »»» Customer-Centric Approach
- »»» Commitment to Continuous Improvement
- »»» Proactive Risk Management
- »»» Environmental Responsibility
- »»» Sustainable & Eco Friendly Products
- »»» Employee Health and Safety First
- »»» Advancing Production Through Innovation
- »»» Understanding & Exceeding Customer Expectations

### CERTIFICATES

#### IATF 16949-2016

IATF 16949-2016  
Automotive Quality Management System  
Certified by DQS Certification Company

Integrated Management System  
Certified by DQS Certification Company

**KILIÇ OTOMAT**

**We believe that success is not a matter of coincidence but  
a RESULT of GREAT EFFORT and DEDICATION...**

*We currently export to the European Union and  
North America, delivering high-quality precision-  
machined components to global markets.*
